Dear Parent/Carer,

Progress Reports

During today's tutor time, your son/daughter will receive their first progress report of the year. As well as a progress mark, the reports will still include the usual indicators of attendance, behaviour, Active Minds, homework and personal development.

The progress mark relates to how they have performed in assessments and is measured against prior performance. Red and Amber highlight any subjects which require further work for improvement. The subject band your child is in for each subject will also be displayed. It may be different in future reports to reflect the changes in assessment performance. Band definitions:

Mastery = excellent understanding of the core knowledge and can fluently apply it to new situations and prior learning to analyse, interpret and hypothesise, evaluate and describe.

Greater Depth = excellent understanding of the core knowledge and can reliably apply it to new situations and prior learning to analyse, interpret and hypothesise, evaluate and describe.

Secure = good understanding of the core knowledge and able to apply it to explain and describe.

Developing = able to recall some core knowledge and can sometimes use it to explain and describe.

Emerging = able to recall a limited amount of core knowledge.

There is no progress mark for Physical Education in this report as their assessments have been used as a baseline from which to measure future progress.

The reports provide us and you with an opportunity to celebrate the school's STEPs as students continue to show their resilience, ambition, responsibility and pride in their learning.

Yours sincerely,

Mr Trevor Lee

Deputy Headteacher
