(d) The charity also has an online shop where items are sold.

Part of the process for customers to purchase items is:

1. The customer searches for an item.
2. The item is selected and added to the shopping cart.
3. The customer is asked if they would like to search for more items.
4. If not, the customer is forwarded to the checkout.
5. The customer can then either cancel the order or pay for the selected items.
6. Payment is made and an email confirmation of the purchase is sent to the customer.

Draw a **flow chart** diagram to illustrate this part of process.
