Introduction

We are so pleased to have Year 11 pupils back at last in front of us in classrooms. Many of them made an extraordinary effort whilst working remotely and continued to engage with the learning and complete the work set.

This next and final stage is an opportunity for pupils to secure, consolidate and improve their grades across their chosen subjects. Despite the periods of time they had away from school, we have a plan in place which gives them all the best opportunity to achieve their potential.

Whilst we will take into account what has already been completed during their courses so far, it is not too late for pupils to make a difference. Over the six weeks of Term 5, pupils will have a range of assessments, which will demonstrate, as the final exams would have done, what they have learnt and what they are capable of.

Our job is to collect a range of evidence from pupils to support our recommended grade. The attached timetables will hopefully help you as parents and carers, as well as the pupils, to help themselves by working as hard as they can now, be an active learner in lesson and encourage those around them to do the same.

No grade has been finalised yet and their reports just give an initial indication. What pupils go on to ultimately achieve is still down to them.

These timetables are not a finite list of what will be used by teachers to assess pupils, they are only an outline of those assessments taking place after the Easter break.

Thank you in advance for your ongoing support.
